

The Dalles Vision 2040: News Release

November 8, 2021

FOR IMMEDIATE RELEASE

Help Shape The Dalles Vision 2040: Complete the Online Community Survey Nov. 8-Dec. 6, 2021

The City of The Dalles is embarking on **The Dalles Vision 2040** process and wants to hear from as many local voices as possible. The visioning process kicks off this fall and will involve multiple opportunities for community input.

Nov. 8-Dec. 6, 2021, community members are invited to share their input through an online survey (surveymonkey.com/r/TheDallesVision2040). The survey is a chance to:

- Let us know what's most important to you
- Provide ideas for improving our community
- Enter your name in the prize drawing

The City will use the community's feedback to help set the vision for 2040. **The City is also planning a Community Town Hall and Online Survey in January as the visioning process moves forward.**

"We're very excited to kick off a new community visioning process for 2040 and to hear from the community. This is an opportunity to share big ideas for our future. Using community input, our goal with The Dalles Vision 2040 is to create an actionable roadmap that helps make The Dalles an even better place to live, work, and play." said Mayor Richard Mays.
